4-H Club Officer Training

Are you interested in being a 4-H Club Officer? If so, start thinking about which office position you'd like to be. You may have to say a little speech in front of your club to let fellow members know a bit about yourself and your qualifications for that office. If you are elected by your club members, plan to attend the **4-H Club Officer Training on Thursday, October 27 at 6 p.m.** At this training we will educate members about their new officer roles, have a mock meeting and present new officers with pins. Parent's Corner: You're Hungry

During the summer months, children are often home more. And it can seem like they are always hungry! Here are some tips to keep summer snacking, and your grocery costs, under control.

- **Set routine meal and snack times:** When family members know when meals will be served, the day can be better planned. Snacks help provide children the nutrients they need. Each 3 to 4 hours, offer a meal or snack.
- **Protein, fat, and fiber:** Building snacks around these three things will help keep children full until their next meal. Snacks like chips, crackers, and snack cakes are empty calories. Not only are they not healthy, they don't help with hunger. Instead, try healthy, filling snacks like carrots and hummus, yogurt and fruit, or a cheese stick and whole-wheat crackers.
- **Eat in the kitchen:** Skip mindless munching in front of the TV. Ask your family to eat in the kitchen. This will also help cut down on wrappers and crumbs all over the house.
